8.1 - Introduction

COST considers the use of external assessors/evaluators as essential within its system of quality control of proposals and the final evaluation of completed Actions.

8.2 - Payment of external assessor/evaluator

- **Panel Review**

The composition of a review/assessment panel is defined by COST Doc 203/07

All members of the panel are eligible for reimbursement of travel and related costs plus an honorarium of **250 € per day**. Review meetings last normally one day.

- **Written evaluation**

In the case of a written review/evaluation, an honorarium of **100 € per review** is payable.

The rapporteur of an Action is expected to provide a written synthesis of the external assessments for the DC and is also entitled to receive this payment in this case.

The COST Office may apply the same conditions for similar kind of evaluations.
